EARTH JUST GOT ITS FINAL WARNING!

For the NASA-funded research team stationed at the most desolate reaches of Antarctica, it's another routine day - until the communications satellite picks up a mysterious signal coming from a strange object lodged several meters beneath the ice. Catching the next flight to the South Pole, this former 'alien hunter' is soon led to the unidentified object which is still encased in a large block of ice. ## LAST REMAKE OF BEAU GESTE

A DIFFERENT KIND OF LOVE STORY.

It's a spoof to end all spoofs as Marty Feldman shatters the Gary Cooper/French Foreign Legion classic in *The Last Remake of Beau Geste*. Set in England and Morocco in 1906, Feldman's 'remake' mocks all the do-or-die extravaganzas we've known and loved as he portrays Digby, identical twin brother to Michael York's stalwart Beau Geste. Joining in the desert lunacy are a vast array of stars including Peter Ustinov, Terry-Thomas, Ann-Margret as the boy's seductive stepmother, and James Earl Jones as Sheik Abdul the Disgusting. Feldman co-wrote, stars and makes his outrageous directorial debut with this zany comedy which, as the title suggests, threatens to end the whole romance-adventure genre once and for all.

## SALES & MARKETING

### KEY SELLING POINTS

- Marty Feldman's directorial debut on *The Last Remake of Beau Geste* is a hilarious, spoof of Foreign Legion adventure films with an excellent cast, top to bottom.
